

Treating Mild Acne with **Hydrocolloid Technology**

How Hydrocolloid Acne Patches Work

Hydrocolloid Patch Benefits

- Facilitates the healing process
- Absorbs fluids from the blemish
- Seals out water, dirt, germs and other external contaminants
- Helps avoid urge to touch pimples
- Can be worn day and night

Scapa Healthcare's highly qualified R&D team can work with you to develop custom skin-contact adhesive solutions to fit your market needs.
